

# Night at the Museum

Come out to the 4th annual Three Night Event...

## Night at the Museum

Just like in the movies, "Our Exhibits All Come to Life! "

This phenomenon has gone on for so long that we can't control it. This gets bigger and better each year. The paleo people (cavemen) and the old miners have taken over the Rock and Mineral Room while 2 scientist try to gain control.

The Dinosaur and Fossil rooms are overrun by  
SCUBA Divers and Mountain Men.

And that pesky Dinosaur keeps playing with the customers.

While the Egyptians want you to learn how to write your name with the ancient writings of Hieroglyphs. And those 1950's teeny boppers wow you off your feet with music and dancing.

As you round the corner you get a glimpse of 2 beautiful Ballerinas' dancing just for you! As you head into the Native American Room be prepared for the stories of our ancient friends new and old.

And if you are unlucky enough to be captured by the outlaws and put in jail... *Well... thar aint no* 'Get out of jail free cards' played in this game. The sherrif will just keep you or he'll throw you out.

Everyone is invited but there is no room for STROLLERS this year!
